Foreword

The *Statistical Abstract of Oklahoma* is a comprehensive single source reference for economic and demographic statistical data pertaining to the state. Data are compiled from in-house data bases and a variety of federal, state, local and private references. In addition to pertinent data for Oklahoma, the *Abstract* presents comparative data for other southwestern states and the United States in many of the sections.

This volume presents the most current data available on July 1, 1990. Since revising statistical data is a continuous process, the Center for Economic and Management Research can supply more recent and, in most cases, more extensive data coverage.

This edition of the *Statistical Abstract of Oklahoma* marks the 21st year of this publication. As a result of additional funding and assistance provided by the Research and Planning Division of the Oklahoma Department of Commerce, the *Abstract* is published each year. In addition, all of the information contained in this *Abstract* is available in the Oklahoma Resources Integrated General Information Network System (ORIGINS) which is a second project also sponsored by the Oklahoma Department of Commerce and maintained by the Office of Business and Economic Research at Oklahoma State University.

Acknowledgments

In compiling this *Abstract*, the Center for Economic and Management Research acknowledges the cooperation and assistance of numerous persons in both public and private agencies who generously contributed time and effort to provide us with much of the data contained in this volume.

The following members of the Center contributed significantly to the preparation of the *1990 Statistical Abstract of Oklahoma*. Data compilation: Marjorie Earley, Brian Hickey, John McCraw, Mike McGaugh, Shellie O'Donnell, Liz Parton and Fariba Williams; Production: Marilyn Cain, Susan Clancy, Loretta Newton, Julia Rojas, Alice Watkins and Pat Wickham.

Preface

In March 1988, Oklahoma Futures, a public/private board that oversees economic development efforts in the state, approved a five-year economic plan for the State of Oklahoma. Strategy E of the plan states: "Provide information to assist business decisions and improve cooperative working relationships between Oklahomans." An important part of this strategy is the creation of ORIGINS. ORIGINS or Oklahoma Integrated General Information Network System is an economic development information system that enables economic development professionals and others to access the latest available information about Oklahoma using a personal computer and modem. Just as important, ORIGINS is a unique partnership between the Oklahoma Department of Commerce, the Center for Economic and Management Research at the University of Oklahoma and Office of Business and Economic Research at Oklahoma State University.

A considerable part of the ORIGINS project has been the expansion of the *Statistical Abstract of Oklahoma*. Last year, the expansion consisted of the addition of over sixty new tables and publishing the *Abstract* annually instead of bi-annually. In addition, tables from the *Abstract* were made available electronically on ORIGINS. This 1990 *Abstract* is the second issue reflecting the new reorganization into twenty-five sections.

The *Abstract* has long been an essential part of the informational scene in Oklahoma. By joining efforts with ORIGINS, the future of the *Abstract* is bright. Look for exciting enhancements in the *Abstract* in future years.

The Oklahoma Department of Commerce is pleased to be part of this partnership with the Center for Economic and Management Research and looks to future endeavors. If you would like additional information concerning ORIGINS, please call the Oklahoma Department of Commerce (405) 843-9770.

Note: Minority group is the sum of Spanish American and all races except white. Some duplication is possible since Spanish American may include non-white races as well as white. Work force for some groups in a county too small to be meaningful, therefore, some detail may not add to total. For Lawton MSA, see Comanche County. For Enid MSA, see Garfield County.

SECTION 6

Oklahoma Tax Systems

The Oklahoma Revenue System consists of both state taxes and those levied by local units of government. The major local tax is that levied by individual counties on real estate and tangible personal property not taxed in lieu by the state.

The state levies a 4.5 percent tax on the gross receipts from selected sales and services and allows municipalities and counties to impose their own sales tax on the same items covered by the state levy.

The state has exclusive taxing rights on mineral, oil and gas production and on rural electric co-ops. Other state taxes in lieu of local taxation include license fees for motor vehicles, mobile homes, travel trailers, boats and boat motors. And only the state levies taxes on incomes, corporate franchises, estates, insurance premiums, real estate and vehicle transactions, cigarettes, tobacco products and motor fuel.

Alcoholic beverages and 3.2 percent beer are taxed only by the state, but both state and local license fees are levied.

This section contains a capsule summary of the major tax laws administered or supervised by the Oklahoma Tax Commission.

This information is intended as a guide only and not as the whole story or last word on a given tax situation.

Individual Income Tax Withholding

Withholding schedules provide graduated rates of tax to be withheld by employers each pay period, giving consideration to wage-earner's marital status and number of dependents claimed. These withholding rates are designed to approximately cover the tax that will be due for taxpayers with standard deductions.

Declaration and Payment of Estimated Taxes

Individual taxpayers expecting to owe as much as $100 more than will be withheld must file a declaration of estimated taxes by the 15th day of the 4th month of the tax year. Payments of estimated taxes may be made quarterly, with the first payment due at the time of filing the estimate.

Corporations and Trusts expecting income tax liability in excess of $500 must file a declaration to file estimated tax and make the first quarterly payment by the 15th day of the 4th month of the tax year.

Corporation Income Tax

Flat rate: 6 percent of Oklahoma taxable income for tax years beginning after 12/31/89.

Delinquent Payment Penalty

Delinquent payment penalty is 5 percent of tax due plus interest at 1 1/4 percent per month.

State Individual Income Taxes

Oklahoma individual income taxes are based on the Federal Adjusted Gross income, with certain additions and deductions. Personal exemptions: $1,000 each.

Individual taxpayers use the two following methods for computing their tax with their tax liability being the lesser of the two computations.

Method I. No Deduction of Federal Income Taxes Paid

General Property Taxes
(Local Units of Government)

Real estate and tangible personal property taxes are levied only by county governments although some state levies are in lieu of local taxation. Local millage rates are fixed to meet local budgets.

County assessors must assess real and personal property within the guidelines set forth by the State Board of Equalization.

A $1,000 homestead exemption is applied to real estate owned and occupied by the taxpayer on January 1. This exemption is doubled to $2,000 for homestead owners whose total income is $10,000 or less per year. Homestead owners age 65 or over and those totally disabled at any age with total income of $10,000 or less are entitled to claim a refund of up to $200 of taxes in excess of 1 percent of income.

Exempt from ad valorem tax is tangible personal property stored in Oklahoma for fewer than 90 days while enroute to another state. Exempt for nine months are materials held for manufacture, assembly, processing or storage.

Intangible personal property (cash, bonds, etc.) is tax exempt.

Local ad valorem property taxes are due November 1. If one-half of the assessment is paid by December 31, payment of the remaining one-half may be delayed until March 31 without accrual of interest.

Vehicle Revenue Tax Stamps

Vehicle dealers must purchase and affix a $3.50 revenue stamp to certificates of origin of the following NEW vehicles at the time of first sales: Automobiles, trucks, motorcycles, travel trailers, manufactured homes, recreational vehicles, boats, and motors.

This is a local government levy in lieu of ad valorem tax on inventories and is collected by County Treasurers through the sales of revenue stamps. Used vehicle dealers must affix the revenue stamp to the title being assigned to the purchaser at the time of sale.

Realty Transfer Tax

When the consideration for a real estate transaction exceeds $100, a tax is imposed at 75¢ for each $500 of value or fraction thereof. This is a state tax collected by county clerks through the sale of documentary stamps to be affixed to the conveyance instrument.

Freight Car Tax

In lieu of ad valorem tax on freight cars, owners or operators of freight cars, other than railroad companies, pay a state-levied tax equal to 4 percent of the gross revenue derived from the use or operation of freight cars within the state.

Rural Electric Cooperatives Tax

Rural electric cooperatives pay a state tax equal to 2 percent of the gross receipts from the sale and distribution of electric power in lieu of income tax.

REC's also pay an annual license fee of $1 per 100 persons supplied with electricity.

Alcoholic Beverage Taxes

Excise taxes are levied at the wholesale level as follows: Beer more than 3.2 percent, $12.50 per barrel; distilled spirits, $1.47 per liter; light wine, $.19 per liter; wine more than 14 percent alcohol, $.37 per liter; sparkling wine, $.55 per liter.

Beverage Tax and Licenses

The beverage tax on beer 3.2 percent or less is $11.25 per 31-gallon barrel.

Beverage licenses are issued by OTC as follows: Manufacturer, $500; Wholesaler, $250; Retailer, on-premise draught, $100; on-premise cans and bottles only, $50; off-premise cans and bottles only, $10.

Mixed Beverage Gross Receipts Tax

A tax at the rate of 12 percent is levied on the total gross receipts from the sale, preparation or service of mixed beverages; ice or nonalcoholic beverages to be mixed with alcoholic beverages; admission charges to mixed beverage establishments; and on the total retail value of complimentary or discounted mixed beverages.

Cigarette Tax and Licenses

The cigarette tax is $.23 per package of 20 cigarettes, to be paid OTC through purchase of revenue stamps to be affixed to package before sale.

Cigarette licenses are issued by OTC as follows: Retailer, $10 per year; Wholesaler, $25 per year; Distributor, $100 per year.

Tobacco Products Tax and License

Cigars weighing more than 3 lbs. are taxed at $.03 each.

Cigarette-sized cigars are taxed at $.18 per package of twenty.

Smoking tobacco is taxed at 40 percent of factory list price, chewing tobacco at 30 percent of list price. An annual fee of $5 is required of all tobacco handlers who buy directly from manufacturer.

State Sales Tax

The sales tax is 4.5 percent of the gross receipts from sale or rental of tangible personal property and from the furnishing of specified services including public utilities, transportation, meals, lodging, admissions and auto parking.

City Sales Tax

Municipalities may levy a sales tax on the same items that are subject to the state sales tax. To date, a majority of local rates are at 2 and 3 percent.

County Sales Tax

Any county with a population of less than 300,000 may levy a county sales tax not to exceed 2 percent upon the gross proceeds or gross receipts derived from all sales or services in the county. A county with a population of more than 300,000 may levy a sales tax not to exceed 1/2 percent to be used solely for the purpose of constructing and equipping county jail facilities or capital improvements for jail purposes only, and can only be imposed for a period not to exceed 36 months. All items exempt from the state sales tax are exempt from any sales tax levied by a county.

Major Sales Tax Exemptions

General consumer items not subject to sales tax are prescription drugs, residential gas and electric utility bills, motor vehicles and motor fuel. Exemptions granted commercial agricultural operations include farm machinery and replacement parts; feed, seed, plants, fertilizer, pesticides, livestock medication, and a wide variety of purchases to be incorporated into inherently agricultural buildings, machines or systems.

State Use Tax

The state use tax levy is 4.5 percent on the sale price of tangible personal property purchased outside Oklahoma and stored, used, or otherwise consumed within the State of Oklahoma.

City Use Tax

The governing bodies of municipalities levying a local sales tax have the authority to levy a municipal use tax on out-of-state purchases of tangible personal property. The tax may not exceed the local sales tax rate of the municipality. The tax cannot be levied against tangible personal property intended solely for use outside the city or on tangible personal property which is only temporarily retained in the municipality for fabrication, repair, testing, alteration, maintenance or other service.

Fireworks Licenses

Manufacturer, $500; Wholesaler, $500; Distributor, $1,000; Retailer, $10.

Motor Fuels Excise Taxes

Taxed at $.16 per gallon is gasoline sold, withdrawn from storage for sale or other use, and also for any portion used in Oklahoma of gasoline imported in fuel tanks of vehicles used for commercial purposes.

Taxed at $.16 per gallon are special fuels (LPG, etc.) used to propel vehicles on the highway, including any portion used in Oklahoma of such fuels imported in fuel tanks of vehicles used for commercial purposes. Diesel fuel is taxed at $.13 per gallon.

Gross Production Taxes

The Severance Tax on oil and gas is 7 percent of gross value; on uranium, 5 percent of gross value; on asphalt and other minerals, 3/4 of 1 percent of gross value. Gas Conservation Excise Tax is $.07 per MCF less 7 percent of gross value but not to exceed 1/3 of gross value. Petroleum Excise Tax is .085 of 1 percent of gross value.

Corporate Franchise Tax and Registered Agent's Fee

Domestic and foreign corporations are taxed $1.25 for each $1,000 or fraction thereof of the amount of capital invested or used in Oklahoma. Maximum Levy: $20,000; Minimum Levy: $10. Foreign corporations are assessed $40 per year for domestic representation by the Secretary of State.

Estate Tax

Estates passing to a surviving spouse are exempt except for any credit from the federal government which must be paid to the State. Lineal heirs are allowed an exemption of $175,000 and are taxed at rates of 1/2 of 1 percent on the first $10,000 graduated to 10 percent for net estates over $10 million. Collateral heirs are taxed at rates of 1 percent on the first $10,000 on up to 15 percent on net estates above $1 million.

Tourism Promotion Gross Receipts Tax

Tourism Tax is levied at 1/10 of 1% on the gross receipts received from the sale of food and drink; furnishing of rooms by hotels/motels, etc.; motor vehicle rentals; tour bus and sightseeing passenger carrier tickets; and admission to and sales by private tourist attractions.

Telephone Surcharge

A $.05 monthly charge is included on telephone bills to provide ring-signaling and TDD devices at no cost to qualified needy deaf, severely hearing impaired, severely speech impaired or deaf-blind persons.

Sales Tax Permits

A business must secure from the Oklahoma Tax Commission every 3 years a permit to do business for a fee of $20 (additional places of business $10.)

Pari-Mutuel

A pari-mutuel tax is collected from any organization licensed to conduct and supervise the pari-mutuel system of wagering on the horse races. Each organization licensee that holds a race meeting at which the pari-mutuel system of wagering is conducted retains an amount equal to eighteen percent (18%) of all money wagered on win, place, or show wagers to be distributed as follows:

1. The first One Hundred Million Dollars ($100,000,000.00) wagered per calendar year for each type of racing:
   a. One-ninth (1/9) of the eighteen percent (18%) is remitted to the Oklahoma Tax Commission. One hundred percent (100%) is apportioned monthly to the General Revenue Fund of Oklahoma for the support of state government; and
   b. Five-ninths (5/9) of the eighteen percent (18%) is retained by the organization licensee; and
   c. One-third (1/3) of the eighteen percent (18%) is retained by the organization licensee to be distributed as purses for participating horses.
2. All money wagered per calendar year for each type of racing in excess of One Hundred Million Dollars but not to exceed One Hundred Fifty Million Dollars:
   a. Two-ninths (2/9) of the eighteen percent (18%) is remitted to the Oklahoma Tax Commission. One hundred percent (100%) is apportioned monthly to the General Revenue Fund of the state for the support of state government; and
   b. Four-ninths (4/9) of the eighteen percent (18%) is retained by the organization licensee; and
   c. One-third (1/3) of the eighteen percent (18%) is retained by the organization licensee to be distributed as purses for participating horses.
3. All money wagered per calendar year for each type of racing inexcess of One Hundred Fifty Millon Dollars:
   a. One-third (1/3) of the eighteen percent (18%) is remitted to the Oklahoma Tax Commission. One hundred percent (100%) is apportioned monthly to the General Revenue Fund of the state for the support of state government; and
   b. One-third (1/3) of the eighteen percent (18%) is retained by the organization licensee; and
   c. One-third (1/3) of the eighteen percent (18%) is retained by the organization licensee to be distributed as purses for participating horses.

The state will collect six percent (6%) of the total amount wagered at the time the organization licensee has no further debt service.

In addition, each organization licensee retains an additional amount equal to two percent (2%) of all money wagered on a daily double, quinella, or exacta. The revenue derived from the exotic wagers tax is paid monthly to the State Treasurer to be deposited to the credit of the General Revenue Fund. Each licensee also retains 25% of money wagered on pick six wagers which is distributed as follows:

7/25 to General Revenue Fund; 2/5 retained by licensee; and 8/25 retained by licensee for purses.

Admission Fees

Each organization licensee collects a tax of ten percent (10%) of the amount received by the organization for tickets for admission to the race meeting grounds. The organization remits to the Oklahoma Tax Commission the proceeds from the tax. The proceeds of the tax are then distributed as follows:

1. For the first two (2) years of operation, forty-five percent (45%) is apportioned monthly to the municipality in which the racetrack is located. Fifty percent (50%) is apportioned monthly to the county in which the racetrack is located. Five percent (5%) is apportioned monthly to the General Revenue Fund.
2. For the third and all following years, fifty percent (50%) is apportioned monthly to the municipality in which the racetrack is located and fifty percent (50%) is apportioned monthly to the county in which the racetrack is located.

Vending Device Decals

Effective July 1, 1988, an annual decal will be required on all vending devices in lieu of sales tax. On devices that require a coin or token of $.25 or more, a $50 decal must be purchased. Devices that use a coin of less than $.25 will require a $10 decal. Bulk vending devices requiring $.25 or more with 2-5 distribution mechanisms require a $15.00 decal. Bulk vending devices requiring $.25 or more with one distribution mechanism require a $5.00 decal. Bulk vending devices requiring less than $.25 require a $2.00 decal.

Out-Of-State Audit Fees

When it is deemed advisable by the Tax Commission to examine or inspect the books and records of any taxpayer at a location outside this state, the necessary and reasonable expenses of the Commission or its employees incurred in the examination or inspection will be chargeable to the taxpayer. In addition, the taxpayer will be charged with the necessary and reasonable travel expenses of the personnel. Reimbursements made by the taxpayer for all necessary and reasonable expenses may exceed the limits authorized by the State Travel Reimbursement Act. However, the taxpayer may elect in writing to deliver all books and records determined to be necessary by the examiner to the Office of the Tax Commission or to an office of the taxpayer located in Oklahoma.

All such expenses will be paid to the Tax Commission within thirty (30) days from invoice date and will be deposited into the Oklahoma Tax Commission Fund to be used to defer the cost of travel and to enhance the examining and auditing ability of the Tax Commission.

Unclaimed Property

Holders of money and/or property belonging to persons whose whereabouts remain unknown for 7 years are required to report such assets to the Tax Commission before November 1 each year. After legally specified efforts fail to locate rightful owners, such abandoned assets are held in trust by the State.

Used Pipeline Equipment Licenses and Bonds

Annual license fees are due January 1 for persons or firms dealing in used pipeline, oil, gas or mineral equipment as follows: Dealer, $35; Peddler, $10; Broker, $10. Security bonds of $1,000 each are required of Dealers and Brokers, and $500 for Peddlers.

Copper Salvage Dealer Licenses and Bonds

An annual license fee of $35 is due each January 1 for junk and salvage yards handling used copper material for sale, salvage or remelting.

Vehicle Registration Fees

All vehicles are designated as commercial or noncommercial. Fee for noncommercial vehicles (excluding manufactured homes) is $17.75 plus 1 1/4 percent of factory delivered price.

Manufactured Home: $27.75 plus 75¢ for each $100 of purchase price exceeding $1,500. After the first registration, they are entered on county tax rolls. Commercial Trucks and Tractors carry fees ranging from $27 to $1,081 depending on weight and age.

Farm Trucks are charged $33 regardless of size or weight. Commercial Trailers are $43 for the first year and $4 for successive years. Both NEW and USED vehicles must be registered within 30 days of purchase and out-of-state vehicles are subject to immediate registration when imported for use by an Oklahoma resident.

All vehicles are registered on a staggered basis EXCEPT manufactured homes, cycles and vehicles subject to the International Registration Plan.

Vehicle Lien Law

Security interest in a motor vehicle is perfected only when the existing title or MCO and applications for title are presented with the completed lien application to a motor license agent. A $10 lien filing fee is due at this time.

Vehicle Excise Tax

A transaction tax of 3.25 percent of manufacturer's suggested retail price is levied on a new vehicle at time of first registration. On subsequent changes of ownership, the excise tax is computed as follows: 65 percent of the original value during the second year and thereafter, 65 percent of the previous year's value.

Vehicle Certificate of Title

No vehicle may be licensed in Oklahoma without a valid certificate of title showing origin, ownership and vehicle identification number. The fee is $11.00 for each original, duplicate or transfer title, which includes a $1.25 service charge.

Liability Insurance Requirement

When registering vehicles, owners must certify that they are covered by the required responsibility minimums of $10,000 bodily injury, $20,000 coverage for one accident and $10,000 property damage. Failure to maintain required insurance coverage subjects the owner to loss of license, vehicle registration and a $100 minimum reinstatement fee. The state mandated insurance verification form must be surrendered to the registering agent before reregistration of vehicle can occur.

Aircraft Registration Fees and Excise Tax

In lieu of ad valorem taxes, aircraft based in Oklahoma are subject to annual registration fees in the same manner as motor vehicles.

Fees based on weight and type of aircraft range from $20 for single engine piston aircraft of less than 1,750 pounds on up to $15,000 for turbo-jet aircraft weighing in excess of 100,000 pounds. Fees are reduced 10 percent each year after manufacture year to a minimum of one-half the original fee.

Taxed at a flat rate of $10 with no reduction for age are antique aircraft as defined by the FAA and sailplanes, balloons and home-built aircraft. An excise tax of 3.25 percent is levied on the purchase price of each aircraft that is to be registered with the Federal Aviation Administration at the time of first registration or transfer of legal ownership.

Motor License Agents

Independent contractors are appointed by OTC with advice and consent of the Senate to operate tag agencies in centrally located cities and towns in each county.

Motor Vehicle Rental Tax

The rental tax is in lieu of the motor vehicle excise tax and levied at 3.25 percent on the gross receipts on motor vehicle rental agreements of 90 days or less duration on any vehicle that is rented to a person by a business engaged in renting motor vehicles without a driver. This tax is not in lieu of sales tax which is due on the gross receipts derived from all leases/rentals.

Driver License Fees

Licenses to operate motor vehicles on Oklahoma roads and highways are issued for four-year periods. Fees are as follows: Operator, $18; Chauffeur, $26; Commercial, $26. Renewal licenses: Operator, $14; Chauffeur and Commercial, $22. Persons 65 or older are not charged any fee to obtain or renew an Oklahoma license.

Boat and Motor Licenses and Excise Taxes

Boats and boat motors above 10 HP are taxed at $1 plus $1 for each $100 of list price above $150. Maximum annual fee is $150. Fees are reduced 10 percent per year for the first 10 years. A 3.25 percent excise tax in lieu of sales tax is levied on the selling price of boats and motors at the time of first registration and each transfer of ownership.

Disabled Veterans License Plates

For a total cost of $4.00, war veterans with 50 percent service connected disability as certified by the Veterans Administration may purchase regular license tags or a special 'DAV' plate for any vehicle 1 ton or less.

Amateur Radio Operator License Plates

For $2.00 plus the cost of regular license tags, federally licensed "Ham" radio operators may purchase and display special license tags bearing the applicant's frequency call numbers assigned by the FCC.

National Guard License Plates

For $2.00 plus the cost of regular license tags, members of the Oklahoma National Guard may display a special National Guard plate.

Personalized License Plates

For $12.00 plus the cost of regular license tags, owners of any vehicle may purchase and display license plates with a personal message of seven letters or less. Applications for special plates must be made by October 1 each year. Not transferable.

Occupational Health and Safety Fund Tax

This levy is 3/4 of 1 percent of each disability award excluding medical and temporary total disability compensation. Subject to this tax is every insurance carrier including self-insured and "no insurance" employers.

Special Indemnity Fund

Each mutual or interinsurance association, stock company, the State Insurance Fund, or other insurance carrier writing workers' compensation insurance in this state, and each self-insurer, pays a sum equal to three percent (3%) of the total compensation for permanent total disability or permanent partial disability paid out or payable during each quarter-year period of the calendar year.

Three percent (3%) is also deducted from the award and added to the fund.

Workers' Compensation Insurance Premium Fund

For the purpose of providing funds for the Workers' Compensation Administration Fund, each mutual or interinsurance association, stock company, the State Insurance Fund or other insurance carrier writing workers' compensation insurance in this state is taxed at a rate of one percent (1%) of all gross direct premiums written during each quarter of the calendar year for workers' compensation insurance on risks located in this state after deducting from the gross direct premiums, return premiums, unabsorbed portions of any deposit premiums, policy dividends, safety refunds, savings and other similar returns paid or credited to policyholders.

When an employer is authorized to become a self-insurer, the Oklahoma Tax Commission then assesses and collects from the employers carrying their own risk a tax at the rate of two percent (2%) of the total compensation for permanent total disability awards, permanent partial disability and death benefits paid out during each quarter of the calendar year by the employers.

Note: "Direct Distribution" involves only those state levied taxes dedicated by statute (earmarked) to schools, county governments and municipalities. Cities and towns receive funds from the state alcoholic beverage tax on the basis of total area and population, while population alone is used to determine shares of state tax revenues from gasoline and motor vehicle levies. In addition, those municipalities with race tracks receive monies from admissions fees.

[a] Admission fees are per the following counties: Lincoln County -$256; Oklahoma County - $90,897; and Sequoyah County - $5,175.

Note: See Note, TABLE 7.05, for definition of 'Direct Distribution.' School District funds from motor vehicle and gross production taxes are divided among county schools according to average daily attendance, with those funds from state gross production taxes being shared only in those counties with oil, gas, and mineral production. Funds from the state rural electric co-op tax are divided among schools according to the number of miles of powerlines within the respective school districts of each county as of January 1 of the tax year.

Note: The need to assist industrial and economic development in the state continues to be a priority for vocational education. This is accomplished through Training for Industry Program which provides training specially designed for new or expanding industry and Business and Industrial Services which provides training for existing industries in which a change in technology occurs or when a critical skill shortage exists.

a = Programs have been dropped.

b = Federal Grant Recipient; Subject to annual renewal.

[a] Revised.

[b] Preliminary figures.

All income derived from farm operations and Government farm programs are included in the above table. The following description of terms may be helpful in interpreting the table:

Cash Receipts from Farm Marketings - Receipts from sales, loans made or guaranteed by CCC and purchases under price support programs.

Government Payments - Those payments made to farmers in connection with programs such as Agricultural Conservation, Feed Grain, Wheat and Cotton, Disaster Payments, etc.

Non-Money Income - Includes the value of farm consumed directly in farm households and the rental value of housing provided by farm dwellings. Expenses are included in the production expense estimates, thus non-money imputations do not add on a dollar-for-dollar basis.

Realized Gross Farm Income - The sum of the above income sources.

Farm Production Expenses - Cost of current operations (excludes new capital equipment, taxes, and rents).

Realized Net Farm Income - Realized gross income minus production expenses.

Net Change in Farm Inventories - Value of change in quantities of crops and livestock products kept on farms from one year to the next (may be a minus value).

Total Net Farm Income - Realized net income plus the net change in inventories.

Note: Development Well--In general, a well drilled within the proved area of an oil or gas reservoir to the depth of a stratigraphic horizon known to be productive.

Exploratory Well--A well drilled (1) to find and produce oil or gas in an unproved area; (2) to find a new reservoir in a field previously found to be productive of oil or gas in another reservoir; or (3) to extend the limits of a known oil or gas reservoir.

[a] Includes service wells, stratigraphic and core tests.

[b] Included in state total.

Note: A BTU is the quantity of heat required to raise the temperature of one pound of water 1 degree F at or near its point of maximum density. Part of the decline in Gas Utility Sales is due to the continued increase in activity in spot market sales and the resulting transportation of gas to end-users.

[a] Includes group credit certificates.

Note: 'Credit' is limited to life insurance on loans of 10 years duration. 'Ordinary' and 'Group' include credit life insurance on loans of more than 10 years duration. 'Industrial' life insurance is the type which is issued in small amounts, usually with premiums collected weekly or monthly at the policyholder's home. 'Credit' life is designed to pay the balance of loans of 10 years or less duration if the borrower should die before repaying the amount due.
